

ATF Refill Adapter for Audi 7-Speed Transmissions

Art. Nr: PT5380

Features

- Adapter for refilling automatic transmission fluid (ATF) on automatic transmissions without a dipstick
- Twist type for Audi 7-speed dual-clutch transmissions
- Compatible with OEM number 0CK321439A

Instructions

1. Jack up the car and release the transmission drain plug to drain old (ATF)
2. Connect the drain plug back, and disconnect the fill plug.
3. Connect the adapter to the fill plug hole on the transmission sump.
4. Connect the adapter to hose end on the ATF refill tank tool kit.
