Diagnostic Tablet

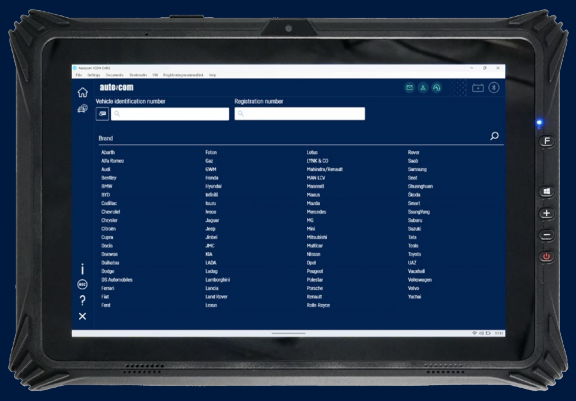
Peak performance with military-grade durability

A great choice for vehicle workshops that use Autocom diagnostic software CARS and/or TRUCKS.
Work faster, anywhere. A light, powerful and fully rugged tablet.

Suitable for any vehicle workshop

If you need a rugged tablet to your vehicle diagnostic solution, this is the one.
A combination of powerful technology and military-grade durability.

Maximum protection against dust, dirt and water ingress.
Ready to take on practically any working area.



How to buy

You can buy the tablet as a one off, or as a kit
together with an ICON with software.

Contact your Autocom distributor for price and more information.
